

Builds up the Body, Brain and Nerves.

It destroys the germs and microbes in the blood, expels the morbid unhealthy matter which irritates and burdens the system and breaks down the vitality of men and women.

It restores the blood to its normal condition, and gives it the five basic properties that are necessary to the maintenance of health and strength to the broken-down system. If you are suffering from nervousness, restlessness, your heart jumps and palpitates at the slightest touch, your nerves are in a state of extreme tension, your mind is not clear, do not sleep well at all, and you have no capacity for any kind of productive action—now get Bar-Bon. It will rid your system of disease, increase your vitality, and give you a new lease of life. In a few days you regain that vigor, vigor and energy which you have lost.

Bar-Bon is the truly scientific, natural and positive cure for all nervous diseases, not only that, but it also restores to the system the effects of fever-work, worry, brain fatigue, the effects of over-exhaustion, and the effects of over-indulgence in any kind of pleasure. No matter what has worried you and your trouble of mind, it will bring you back to normal. Don't wait another day, get some Bar-Bon, and begin taking it. It will give you a new commencement, the stronger your weakness will be.

CONGRATULATIONS to Judge Lewis
and Prosecutor Murphy, the new officers
in the new judicial circuit.

SUCH days as this are the kind that
causes the man who received a package
of garden seed from Washington
to think of making garden.

The more the combines oppose
reasonable legislation intended to limit
their powers the more the socialist en-
joys the spectacle, for it is exactly
this sort of business that does more
to cultivate socialistic sentiment than
all the harangues of all the agitators.

WHATEVER may be said of the late
legislature, and there has not been a
legislature that on the whole has done
the people a better service, it is to be
noted that the very measures which
have been the ones opposed by the
most powerful lobbies of doubtful
scruples, are the ones that have com-
manded the heartiest support when it
came to voting.

IN COMMENTING on the rise of Gov-
ernor Hanly and Senator-elect Hem-
enway from the humblest circum-
stances to places of great trust and
large responsibility, the Philadelphia
Inquirer says: "There are at present
in congress at least 100 men who be-
gan life under apparently the most un-
favorable circumstances and have made
their way in the world without the
benefit of higher education (unless
secured by their own efforts) and
against what most persons would con-
sider normal chances of achieving dis-
tinction. If it were necessary we
could point out many cases, in fact
the majority of those who have
achieved distinction, from Wash-
ington to the present, have worked out
their financial, moral and intellect-
ual and political salvation by indus-
try, energy and economy."

RAILROAD RUMBLINGS

A. H. and Walter Harbaugh, of
Freetown, left last night over the Pan-
handle for Portland, Oregon.

W. C. Townsend, of the B. & O.

erford & Baldwin about a home seek-
ers excursion to the southwest.

A verdict for \$6,500 was rendered
Wednesday at Bedford in the damage
suit of Mrs. Benson against the B.
& O. S-W. This is said to be the
largest verdict ever rendered for per-
sonal injuries in that county.

BURNED TO DEATH.

Sad Accidents Befall Two Aged
Ladies.

Monday afternoon, March 13th, Mrs.
James Stockwell, whose home was in
Owen Township, was burned so badly
that she died Monday night. She was
working in the garden raking and
burning trash when her clothing ac-
cidentally caught fire. They were al-
ready in a blaze when she discovered
it and ran for help. Mr. Stockwell
who was at the barn heard her cries
and ran to her assistance, but before
he reached her, her clothing was near-
ly burned off and her body was fright-
fully burned. Everything possible
was done to relieve her sufferings, but
to no avail. Mrs. Stockwell was
about seventy years of age and leaves
a husband and one daughter.

A similar accident occurred at
Brownsburg Tuesday afternoon.
While Mrs. David Lewis was raking
her yard and burning the trash her
clothing caught fire. She ran to the
house and some men who were at work
nearby, saw that her clothing was in a
blaze and ran to her assistance. When
they got to her she was endeavoring
to pour water on herself to put out the
fire, at the same time shielding her
face from the flames. The young men
gave assistance and soon had the fire
out, but Mrs. Lewis was very severely
burned and her injuries may prove
fatal. She is about sixty-eight years
of age.

Funeral of Mr. Cole.

The funeral of Mr. C. B. Cole will
be from the Presbyterian church to-
morrow, Friday, at 1 o'clock p. m.
and will be in charge of the Masonic
Lodge. Funeral discourse by Prof.
J. F. Baird.

The remains will lie in state at the
late home of Mr. Cole on North Wal-
nut street until 11 a. m. tomorrow.
All friends wishing to view the re-
mains should go before that hour to-
morrow.

Two Plays.

The play of "Toodles" one of the
two plays that Mr. Robert Downing,
the eminent actor will produce here on
the night of March 21, when he gives
us the two complete productions in one
night of "The Gladiator" and "Tood-
les" is pure in tone and treatment,
crowded with tears and laughter, one
following the other in rapid succession.
Mr. Downing in the character of Tim-
othy Toodles" has made as great a
success in the comedy as he has in the
past in such parts as "Othello," "The
Gladiator," "Damon," "Brutus,"
etc. etc.

MARRIED.

BOBB-COLLINS

August G. Bobb and Ida May
Collins, both well known young people
residing in the vicinity of Dudleytown
were married Wednesday by Rev. H.
Fry. The ceremony was performed at
the home of the minister. The groom
is a brother of Harry Bobb of Sey-
mour and the bride is a daughter of
the trustee of Washington township
and both have many friends.

Crowd Well Pleased.

Probably the best minstrel perform-
ance ever seen in Seymour was that
given by John W. Vogel's minstrels
last evening. Mr. Vogel indeed de-
serves the reputation he has as a
minstrel king. There is nothing cheap
or secondary about the whole perform-
ance. The crowd was well pleased.

Dr. J. E. Peterson,

The optician who was delayed in
coming to Seymour on account of a
death in his family, arrived this morn-
ing and may be consulted at the New
Lynn hotel the remainder of this week
and all of next week for eyesight
troubles of all kinds.

Wesley Brotherhood.

The Kind You Have Always Bought

SAVED HIS CHILD'S LIFE.

One-half Bottle of Rexall Mucu-
Tone Puts Child on Road to
Recovery. Relieves
Mother's Anxiety.

W. F. Peter Drug Co., Seymour Ind.
Gentlemen,—I bought your Mucu-
Tone for my little boy, four years old,
who was suffering from catarrh of the
head and throat. He had it since he
was two years old. During the past
fall and winter he had whoopingcough
and measles which left him in a very
bad condition. He had a very bad
discharge of the head, and as soon as
he would lie down to sleep the mucus
would run down into his throat and
choke him so we would have to sit up
until he would be able to catch his
breath. His lungs also had a rattling
in them and he had a wheezing in his
throat. His little heart was very
weak, and we did not think we would
be able to get anything to help him as
he was in such bad condition.

"Seeing" Rexall Mucu-Tone adver-
tised we concluded to give it a trial,
and we are very thankful we did so, as
he has taken a little over half a bottle
and is fast on the road to recovery:
the discharge of the head is stopped
and his lungs do not rattle any more.
He eats and sleeps well.

"You may be sure we feel as though
we could not thank you enough for the
great good your medicine has done
our little boy."

"With heartfelt thanks, I am sincere-
ly, Mrs. George E. Bailey, Cor. Conn.
and Seaview Aves., Bridgeport, Conn.

"We have many more testimonials
of the good work that Rexall Mucu-
Tone is doing in our city," said Mr.
Peter of the W. F. Peter Drug Co.
"Mucu-Tone gets right in and absolute-
ly drives out the germs that cause
catarrh."

"Beside all that, Mucu-Tone, as its
very name implies, tones up the
muscular tissues that have been diseased
by catarrh and fortifies your system
against any subsequent attacks."

"If you are troubled with catarrh
in any form, internal or external,
whether catarrh of the head and nasal
passages, catarrh of the stomach,
bladder, kidneys or intestines, or any
catarrhal condition of the entire
system, if you want to be cured of it
and prevent it from attacking you
again, then you must drive absolutely
every trace of it out of your system.
Rexall Mucu-Tone will do this."

"We have a large trial bottle at
fifty cents which we would be very glad
to have anyone try on our personal
recommendation, and if it doesn't
benefit them we shall be very glad to
refund the money. W. F. Peter Drug
Co."

Clever Jury.

At Columbus a jury heard a case
this week and rendered a verdict for
more than the plaintiff asked.
The suit was on a note and the de-
mand was \$750. The jury brought in
a verdict for \$772.

Dr. W. M. Casey, who has been sick
several days, is getting better.

INDIAN LANDS NON-TAXABLE

Chief Godfrey, of the Miami Tribe,
Hereafter Will Be Exempt.

Peru, Ind., March 16.—The final set-
tlement in the celebrated tax case in
which Gabriel Godfrey, the last chief
of the Miami Indians, has battled for
thirteen years to prevent the commis-
sioners of Miami county from collect-
ing taxes levied against his land, was
made here this week, when the attor-
neys came before Special Judge John
W. O'Hara with an agreement provid-
ing for exempting the old chief's land
from taxation for the remainder of his
lifetime, and relieving him of all taxes
unpaid up to the present time. Chief
Godfrey has always claimed that he
was not an American citizen and that
his land is not taxable, for in the gov-
ernment treaties with the Miami In-
dians, lands deeded to them were ex-
empt from taxation as long as held by
the Indians. The commissioners
learned that Chief Godfrey was exer-
cising the rights of citizenship and
was holding public office, consequently
they brought suit to compel him to pay
taxes. The pitiable condition finan-
cially of the old chief ended the case
in his favor. His children own the
old home place, and it will not be as-
sessed until after the death of Chief
Godfrey. Peter Godfrey, a brother of
the chief, by the agreement made yester-
day, will be relieved of unpaid
taxes, but his 120 acres will be as-
sessed hereafter.

Fortune Doubled.

Brazil, Ind., March 16.—Mrs. William
Byers, widow, of this city, has been
advised that she has been granted a
pension of \$12 monthly, with back pay
for twenty years. In the same mail
came a notice from an attorney in En-
gland that she was one of six heirs to
an estate of \$2,000,000 through the
death of her grandfather, R. W. Red-
ford, who died several years ago, and
whose estate has been in litigation
since. All of the heirs reside in this
country.

GOLD WATCHES.

Contests End With a Tie Vote in Third District.

During the last three months the Seymour Weekly REPUBLICAN has conducted a group of Ladies Gold Watch contests which closed Monday evening, March 13. The territory was divided into five districts and to the lady receiving the largest vote in her district the REPUBLICAN presents a lady's gold watch, five in all. In some of the districts the contests have been quite lively and not until the final votes were cast were the winners determined. Each dollar's subscription paid on the Weekly REPUBLICAN entitled the subscriber to ten votes for any of the candidates.

The territory was divided as follows:
District 1. Redding, Hamilton and Jackson townships.
District 2. Vernon, Washington and Grassyfork townships.
District 3. Salt Creek, Owen and Brownstown, north of White River.
District 4. Carr, Driftwood and Brown-tower south of White River.
District 5. All territory outside of Jackson county.

THIRD DISTRICT TIE.
Under the rules as published at the opening of the contest in case of a tie the two contestants are given until Saturday evening March 18 at 6 o'clock to settle the tie. As soon as it was found that there was a tie each contestant was promptly notified and the contest in the third district remains open between Miss Vinnie Davis, of Freetown and Miss Bessie Edwards, of Kurtz, until Saturday evening.

MRS. GOLDIE PLUMMER.

The closing days of the contest were marked by much enthusiastic work on the part of most of the candidates and some of the votes were increased by several hundred on the very last day. The good natured rivalry continued up until the closing hour at 6:00 o'clock Monday evening. Not until Tuesday afternoon was the work of checking up the coupons completed so that a definite statement could be made concerning the result in some of the districts.

Mr. John W. Conner, of the Thomas Clothing Co., and C. D. Billings, assistant cashier of the First National Bank, consented to serve as a committee and after examining the coupons and counting the vote they announced the totals as indicated in their report given above.

The REPUBLICAN wishes to thank everyone who assisted in making this contest the splendid success that it has been. The contestants especially are deserving great credit for their enthusiastic work.

Miss Fuller who has the first choice of the watches has been notified to select her watch. As soon as she has done so the other contestants will be notified in the order in which they are entitled to a choice. The secondary prizes will be awarded this week also. We should have been glad to see each contestant win one of the prizes but that is not possible in any contest, and we trust those who were not successful will find a reward in the consciousness of having earnestly striven for success in a closely fought contest.

A Chicago Alderman Owes His Election to Chamberlain's Cough Remedy.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220 So. Peoria street, Chicago. "Two years ago during a political campaign I caught cold after being overheated, which irritated my throat and I was finally compelled to stop, as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the council." This remedy is for sale by C. W. Milhous.

Champion Liniment for Rheumatism.
Chas. Drake, a mail carrier at Chapinville, Conn., says: "Chamberlain's Pain Balm is the champion of all liniments. The past year I was troubled a great deal with rheumatism in my shoulder. After trying several cures the storekeeper here recommended this remedy and it completely cured me."

There is no use of anyone suffering from that painful ailment when this liniment can be obtained for a small sum. One application gives prompt relief and its continued use for a short time will produce a permanent cure. For sale by C. W. Milhous.

SENATE IN A PICKLE

Object of Special Session Has Been Apparently Thwarted by Minority.

LEADERS ALL AT SEA

A Way to Avoid Adjournment Without Disposing of the Dominican Treaty Is Being Sought.

Effort to Get President to Withdraw Treaty Does Not Find Executive Favor.

Washington, March 16.—Republican leaders of the senate are all at sea respecting the action advisable to take in relation to the Santo Domingo treaty. Recognizing that the Democrats control more than one-third of the votes and that two-thirds are required to ratify the convention the sentiment of the Republican leaders is that the treaty should be withdrawn by the president. On this subject the senate and the president do not agree and the idea prevails that after one or two days more of inconsequential discussion the special session of the senate will be allowed to adjourn without date and the treaty lapse. But this plan is not popular in the senate and a way to avoid it is being sought.

One alternative, which in the discussion concerning it was termed merely an excuse for inaction, is that Senator Cullom, as chairman of the committee on foreign relations should offer a resolution directing the president to appoint a commission to make an investigation of the Santo Domingo debt and other questions involved in the protocol. This plan was agreed on tentatively as the program most desirable under existing conditions, especially as it is believed that such a resolution could be adopted without debate. No decision was reached which may not be changed, however, and other plans have been suggested or are brewing.

Senator Newlands offered a resolution calling on the president to forward to the senate certain information believed to be in the possession of the state department in relation to the Dominican affairs.

The resolution was not seriously considered at the time and Mr. Newlands' speech advocating adoption received scant attention. Later it was whispered that if the resolution were adopted and the Democrats felt that all of the information obtainable he given to them a defection of three or four Democratic votes might result. This would ratify the treaty. Leaders of the minority party on the other hand, took the position that no information could be forthcoming which could change the principle involved in the treaty and that it is idle for the Republicans to hope for aid from their side of the chamber. The resolution nevertheless remains undisposed of and there was talk among the Republican leaders of adopting it and putting it to a test as a vote getter.

LOOKS SUSPICIOUS

Bullion in Mail Car That Was Burned Is Missing.

Cumberland, Md., March 16.—Secret service men are here from all over the Baltimore & Ohio system aiding United States government detectives in an investigation of the burning of a postal car at Hyndman, fourteen miles northwest of here, March 1.

Seventeen thousand pounds of mail matter was destroyed, including over 1,000 registered letters and parcels and \$250,000 in unsigned national banknotes. It is said that much gold and silver bullion was in the car, but the melted metal was not found in the debris. This leads to the belief that the car was turned to hide robbery. The fire was at first thought to have been accidental.

After Deaf Trust Agents.

New Orleans, March 16.—It is stated that the United States district attorney here received instructions from the department of justice to investigate the so-called deaf trust agencies in New Orleans so as to find out if they have violated the law relating to combination in restraint of trade and commerce. Such an investigation was begun in this city in 1903 and a number of agents were brought before the grand jury and the United States courts, but the cases never came to trial because the defendants made haste to depart for other cities.

Lieutenant Sought Death.

Vancouver Barracks, Wash., March 16.—Lieutenant Francis E. Boone, who was ordered discharged from the United States army on the charge of desertion, absence without leave, non-payment of debts and conduct unbecoming an officer, yesterday made a dash from his guard with deliberate suicidal intent. It is reported, and before recapture was shot and probably fatally injured.

Two Negroes Hanged.

Selma, Ala., March 16.—Ed and Will Pitomay, negroes, who shot and fatally wounded Professor Claude Hardy, at Pineapple, Ala., were captured by a mob of citizens in a house near Allenton, Ala., where they had barricaded themselves, and were taken to a nearby swamp and hanged.

A Safe Cough Medicine for Children.

In buying a cough medicine for children never be afraid to buy Chamberlain's Cough Remedy. There is no danger from it and relief is always sure to follow. It is especially valuable for colds, croup and whooping cough. For sale by C. W. Milhous.

AGAINST PETTY STRIKERS

Indiana Coal Operators Issue Ultimatum to Miners.

Terre Haute, Ind., March 16.—The Indiana Bituminous Operators' association in session here adopted a resolution which is virtually an ultimatum to the miners against petty strikes. The resolution in effect is that in event of violation of contracts which results in a shutdown the check-off system, whereby the operators check off dues of miners for the union, will be suspended until such violation or shutdown is abandoned. In event the shutdown is not terminated within the month the check-off system throughout the state will be suspended. The president of the operators' association is authorized when a mine is shut down by the miners to shut down all mines in the state until the shutdown by the miners is abandoned. The operators are pledged to abide by the order of the president. The resolution was sent to District 11, United Mine Workers of America, in annual convention here, with the notice that the check-off system in Sullivan county had already been abandoned. There was a heated discussion by the miners before a reply could be framed. The reply in substance is that the agreement entered into a year ago holds another year; that the mine workers propose to carry out their part and that any violation not ratified must come from the operators. The joint board can take up any differences, but the miners do not propose to vary from the Terre Haute agreement.

The action of the operators is the outcome of trouble which resulted in a shutdown at Jackson Hill. The enforcement of the resolution would tie up all the bituminous mines of the state.

Equivalent to Election.

Nashville, Tenn., March 16.—Governor James B. Frazier was yesterday afternoon nominated by acclamation in joint Democratic caucus for United States senator to succeed the late General W. B. Bate. Ex-Governor Robert D. Taylor and ex-Governor Benton McMillan refused to go into the caucus. The nomination is equivalent to an election. Mr. Frazier has served two months of his second term as governor of Tennessee. He will be succeeded as governor by Hon. John I. Cox, speaker of the state senate.

Allegheny's Cleaning Under Way.

Pittsburgh, March 16.—Police Superintendent Melvin H. Campbell of Allegheny was found guilty as indicted for accepting money under color of his office to aid and abet in the maintenance of a house for the sale of liquor without license and for immoral purposes. This is the first to be tried of 125 graft cases which include three other Allegheny City officials and men and women charged with conducting illegal resorts.

Pool Bill in Conference.

Jefferson City, Mo., March 16.—By a vote of 99 to 28 the house refused to concur in the senate's amendment to the bill prohibiting book making and pool selling, by which gambling on horse races is reduced from a felony to a high misdemeanor with a maximum penalty of a \$50 fine. The bill will now be sent to a conference.

Decision Reserved.

New York, March 16.—The hearing in the suit of W. R. Hearst to prevent the payment by Mayor McClellan, City Attorney Grant and City Chamberlain Keenan from paying a city lighting bill of \$1,200,000 has been concluded in the state supreme court. Justice Kally reserved his decision for two weeks.

Worked Themselves Out of Job.

Philadelphia, March 16.—With the entire available supply of silver bullion completely disposed of and no immediate indications of future receipts from the treasury department at Washington, 125 employees in the counting and weighing department at the mint, mostly women, have been indefinitely suspended.
